Claims 15,16,20-29 are finally rejected as set forth in the Office Action dated 03/10/03

Applicant's arguments filed 09/15/03 have been fully considered but they are not persuasive.

Figures 9A and 9B only show interrupted lines to indicate a straw is located inside the container. They do not show the specific orientation of the lower portion of the straw as claimed. There is no further description in the specification to further detail the specific orientation as claimed. Applicant only speculates what that dotted lines in the drawing may do. Any claimed specific arrangement of the straw inside the container is considered as new matter.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for response to this final action is set to expire **THREE MONTHS** from the date of this action. In the event a first response is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event will the statutory period for response expire later than **SIX MONTHS** from the date of this final action.
